Excel Skills for Business: Advanced

Aug 30, 2021

MD. SHARIF UDDIN AZAD

has successfully completed the online Specialization

Excel Skills for Business

In this Specialization, learners develop advanced Excel Skills for Business. Upon completing the four courses in this Specialization, learners can design sophisticated spreadsheets, including professional dashboards, and perform complex calculations using advanced Excel features and techniques. Learners have acquired the skills to manage large datasets efficiently, extract meaningful information from datasets, present data and extract information effectively. In addition, learners have mastered the skills needed to validate data and prevent errors in spreadsheets, create automation, apply advanced formulas and conditional logic to help make decisions and create spreadsheets that help forecast and model data.

Dr. Yvonne Breyer, Director Learning & Teaching, Business & Economics, Macquarie University, Sydney Australia (Ph.D., Macquarie University, Sydney, Australia; MA, Duisburg-Essen, Germany)
